**RE: Blue Mound State Park – Master Plan Amendment**

Dear Mr. Zajackowski,

Please accept my submission of the following petition signatures and comments into the comment record for the Draft Master Plan Amendment at Blue Mound State Park. As a frequent park user, volunteer and mountain bike rider I was incredibly displeased at the proposed alternatives to the Master Plan. I feel like the DNR completely ignored the public's request for expanded mountain biking trails by proposing to close Over Lode Trail and limit the cap on trails preventing further trail development. As of December 16, 2015 this petition has gathered 684 signatures and over 150 comments imploring you to reconsider the proposed amendment alternatives. Please take into consideration all of the information provided and comments you have received and move to:

1. Keep Over Lode Trail Open;
2. Adopt the proposal submitted by Capital Off Road Pathfinders (CORP) on December 16, 2015;
3. Allow construction of the Beginner Loop to commence in spring 2016;
4. Designate the \$10,000 the DNR proposed to use to close the Over Lode Trail towards the reconstruction of Over Lode Trail;
5. Lift the cap on total trail miles to a reasonable limit to allow for the construction of the Pokerville trail and other proposed route changes;
6. Allow mechanical grooming for winter fat biking;
7. Expand the trail system for singletrack mountain biking.

I hope you will take into consideration the numerous passionate comments from Wisconsin residents and trail users from out of state about the love they have for this park and hobbies and help us continue to make Blue Mound State Park great. If you should have any questions regarding this petition please contact me directly at [pjkapinos@gmail.com](mailto:pjkapinos@gmail.com) or via cell phone 608.577.8477. Thank you again for your time and attention to this matter. I look forward to continuing our beneficial relationship

Patricia Kapinos

Madison, Wisconsin

Recipient: Paul Zajackowski, Wisconsin Department of Natural Resources, and Blue Mound State Park

Letter: Greetings,

Save Blue Mound State Park Singletrack Trails

In regards to the proposed Master Plan Amendment for Blue Mound State Park (BMSP) I wish to express the following:

1. I support continued use, maintenance and construction of the singletrack trails in Blue Mound State Park for summer Mountain Bike and Winter Fat Bike use as well as hiking, trail running and wildlife viewing.
2. I do NOT support the proposed Master Plan Alternative 4.
3. I do NOT support ANY closure of the Overload Trail for summer or winter use.
4. I do NOT support the current limits on the total number of trail miles at BMSP and I request the DNR increase the number of trail miles allowed; specifically I request the DNR increase the number of trail miles available for singletrack mountain biking and winter biking use to reasonable levels based on further evaluation of available resources and coordination with local trail groups.
5. I request the DNR adopt the comprehensive mountain biking trail system proposal presented by Capitol Off-Road Pathfinders (CORP).
6. I request the DNR establish funding and budget line items for future construction and maintenance of the singletrack mountain biking trail system including necessary re-routes and reconstruction of unsustainable trail in addition to funding the proposed future trail projects.
7. I request the DNR purchase a suitable groomer for winter fat bike trails.

Mountain biking, trail running, winter fat biking and hiking in BMSP have been identified as the primary drivers for park visits. Mountain biking provides a great opportunity for recreation. Mountain bikers seek mountain biking as an escape from stressful and busy lives, a chance to connect with nature, to develop a sense

of community, to challenge themselves, for fun, camaraderie and connections. I hope the DNR Board takes into consideration the immense support for keeping the current trail system intact and reasonable expansion of the BMSP trail system.

# Comments

Name	Location	Date	Comment
Jesse Lyne	Madison, WI	2015-12-08	I support cycling in all its forms!
Nathan Woolever	Mount Horeb, WI	2015-12-08	I feel the loss of the Overload Trail at Blue Mound State Park would negatively impact the quality of recreation available in the park for myself and many other users.
Jonathan Mullen	Elkhorn, WI	2015-12-08	We need to maintain trails not remove them
Ryan Kleimenhagen	Barneveld, WI	2015-12-08	I have put a lot of time and effort into this trail over the years and it would be really sad to see it go. This trail is the best of the midwest and the whole midwest mtn bike scene would be at a lost. Bicycles over Snowmobiles in the park.
Dan Luebke	Onalaska, WI	2015-12-08	The mtn trails are the only reason my family and I visit Blue Mounds. We usually camp and use the pool as well. Take a look at what the MN-DNR is doing "FOR" biking vs. what the WI-DNR is doing "TO" biking. Sad!
Eric Johnson	Madison, WI	2015-12-08	I support continued use, maintenance and construction of the singletrack trails in Blue Mound State Park for summer Mountain Bike and Winter Fat Bike use as well as hiking, trail running and wildlife viewing.
David Grim	Middleton, WI	2015-12-08	Its important to me and my friends to have mountain bike trails located in the area of Blue mounds
Wade Carlson	Oregon, WI	2015-12-08	I am signing because I haven't found any concrete evidence that are trails are actually affecting the birds in this area. It almost sounds like there is a hidden agenda here where someone is trying to benefit from the closure of these trails to divert attention to another manner but I do not know. It's also silly that we would close 4 + miles of trail that are 2 feet wide, yet there are plans to put in a mile and a half snowmobile trail that is 15 feet wide so tell me how that doesn't affect the birds?
Patrick Blakeslee	Merrill, WI	2015-12-08	I ride
Lee Sorensen	Cross Plains, WI	2015-12-08	Trails are a desirable use for the park
Ryan Mears	Madison, WI	2015-12-08	I'm signing because this is a short sighted and misguided plan by the DNR.
Michelle Kleimenhagen	Barneveld, WI	2015-12-08	We love mountain biking at the Blue Mounds State park. The trails are challenging and beautiful all at the same time. This would be a great loss to bikers in WI!
mark scotch	plover, WI	2015-12-08	The mtn bike community has put in a lot of free sweat equity to develop and promote not only the trails at BMSP but the park as well. This community at the very least should be treated professionally and openly. Too many close to the action at the park do not feel this is happening. BMSP and the DNR need to rectify that perception whether real or not.
jacob sciammas	la crosse, WI	2015-12-08	It is important to listen to the local users and advocates FIRST. I also know what a great asset and future potential opportunity there is for a comprehensive mountain biking trail system at Blue Mounds - this opportunity should be a higher priority and preserved through any planning process!
Lyle Kaye	Valparaiso, IN	2015-12-08	I believe in trail.
Doug Rodenkirch	Waunakee, WI	2015-12-08	We need to save trails.....
Michael Fitch	Waterloo, WI	2015-12-08	I am signing becuase Blue Mounds is the best state park in the Madison area and contains the best mountain biking. Please continue to offer existing trails and expand in the future.

Name	Location	Date	Comment
Deb Gunderson	Mount Horeb, WI	2015-12-08	Let's value all the features of BMSP. No to closing the trail
Nick Leisz	La Crosse, WI	2015-12-08	I am signing this today because silent sports enthusiasts travel well to utilize such trails. Trail systems throughout the state, which are maintained by IMBA certified trail builders are well designed and build to withstand the elements. I have rode at Blue Mounds many years ago and this is a beautiful park with trails that need a lot of work. Keep the trails and let reroutes of these existing trails help make BMSP a better place for riders, hikers, birders, and the trails more sustainable for the long run. If you don't believe me, come look at the trails in La Crosse. Look at the HPT trails build properly and contrast them with the lower Hixon trails that are vastly eroded (coincidentally mountain bikes are not allowed here nor it seems more sustainable trail designs).
Jeremy Kawka	chicago, IL	2015-12-08	trails are for people!! do not close down a well used, and maintained trail system!
David Howell	Milwaukee, WI	2015-12-08	I'm a proponent of mountain biking.
Heather Stelljes	Madison, WI	2015-12-08	I mountain bike. I value the trails we have, as well as access to natural areas.
Steve Amann	Oak Forest, IL	2015-12-08	I've ridden these trails, I loved them, and I want to ride them again.
Peter Nosal	Arlington Heights, IL	2015-12-08	Peter nosal
Jake Miller	Wausau, WI	2015-12-08	I'm signing because I support smart use of land that improves quality of life, making Wisconsin a place where people want to live. Our state has a fantastic cycling culture but considerations such as these threaten it.
Eric Fossell	Colorado Springs, CO	2015-12-08	This is a great trail system and has great facilities for the entire family to camp/ride/run/explore.
Marvin Wanders	La Crosse, WI	2015-12-08	My family uses family state parks year round for all kinds of recreation. We support shared use trails. biking, hiking, ccskiing and running are all recreation activities in which we appreciate access.
Kim Heintz	Willowbrook, IL	2015-12-08	I ride here and it's an amazing place to ride. I used to live in Colorado and compared to out there, we are incredibly limited to mountain biking recreation in the midwest. I have done day trips to Blue Mounds because it is accessible for the mountain bikers in northern IL.
Frank Corneiller	Munster, IN	2015-12-08	My family enjoys trips to Wisconsin and we would like to continue doing what we love, mountain biking, at this park.
Mark Celicious	Waukegan, IL	2015-12-08	Mountain biking is mine and my kids' hobby.
Rocco Zoccoli	Saint Charles, IL	2015-12-08	We need more trails, not to lose access
rebecca dohm	wausau, WI	2015-12-08	I'm supporting my son and the trail!
Jordan Kemppainen	La Crosse, WI	2015-12-08	I want to continue using these trails responsibly
Benjamin Blagoue	Madison, WI	2015-12-08	I love blue mounds mountain bike trails and I am an avid mountain biker.
Matthew DeBlass	South Bound Brook, NJ	2015-12-08	As an outdoor enthusiast, hiker, on-and-off road cyclist and strong believer in the proper stewardship of our natural resources, I feel that proper steps can be taken to manage the environmental impact of the trail. The value of trail access in encouraging members of the public to spend time outdoors is immeasurable, and sportsmen of all stripes, hikers, birders, cyclists, fishermen and hunters, have historically been some of the strongest allies of conservation efforts and supporters of public parks.
Kelly Lontine	Marathon, WI	2015-12-08	Trails are important to the park and developing them even more will enhance the system even more and allow more users to enjoy all that the park offers. Winter biking is becoming huge and having these trails open makes it a destination.

Name	Location	Date	Comment
Tyler Stein	whitewater, WI	2015-12-08	I am a frequenter of this park and I see more potential dangers than good coming if there are snow mobiles permitted in the park.
Ed Tanhueco	Lake in the Hills, IL	2015-12-08	You can only visit that Blue Mounds cave so many times ... But you can bike Blue Mounds and never ever get tired of it. Please keep the trails
T Gripp	Moline, IL	2015-12-08	I ride
marty larson	Prairie du Chien, WI	2015-12-08	I'm signing because closing this trail is a slap in the face to hard working VOLUNTEERS who built the trail. I'm signing because closing this trail would be a slap in the face to REI, who helped to fund its construction. I'm signing this because closing the trail would be a slap in the face to the hundreds of riders who enjoy this trail year in, year out. I'm signing this because the POINT of a park and trail system is to get people OUT INTO the woods. NOT to shuttle them off, denying access to a full, worthy user group.
paul depre	Oak Lawn, IL	2015-12-08	I love blue mounds ...I vacation ,camp ,hike and bike there with my son who lives in Wisconsin, it is wonderful place that has brought my son and myself countless hours of enjoyment and beauty when we visit...and it has brought us closer as a family because of the time we spend together there .
Aaron Patterson	Madison, WI	2015-12-08	I enjoy mountain biking, trail running, hiking and xc skiing at BMSP. I have supported the park in the past and hope that it can continue to be a resource for silent, low impact sports.
Brian Buckner	Madison, WI	2015-12-08	As a long-time user of the Blue Mounds trail system, I'm very disappointed to hear that this section of trail is being closed. Mountain Biking is the main reason I visit Blue mounds state park.
Garrett Krueger	Madison, WI	2015-12-08	Removing this section of trail will impact the flow of the trail since it would no longer a loop. I also support the idea of the park to obtain a groomer for winter fat biking since they have not shown any financial support even though countless volunteer hours have been spent.
Dirk Racine	Verona, WI	2015-12-08	Save Blue Mounds!
Jason Plum	Traverse City, MI	2015-12-08	Trail closures are a bad precedent to set, a slippery slope towards less access to the parks and wild areas that have been set aside for that specific purpose.
Terry Carter	Peoria, IL	2015-12-08	I support all mountain biking in the Midwest!
Ellen Walton	Madison, WI	2015-12-08	The research to justify closing it is weak. It was a comparison of apples to oranges. Please do not close the trail!
steve meurett	neillsville, WI	2015-12-08	Email sent to park superintendent citing reasons.
Michael Fenster	Oregon, WI	2015-12-08	The evidence supporting the closure of Over Lode is lacking.
Ryszard Wsol	Tinley Park, IL	2015-12-08	I'm a Biker
Paul Adams	Saratoga, CA	2015-12-08	Mountain bike trails are under constant threat from people and agencies that do not understand mountain biking, and do not perform due diligence into the benefits to the community that result from mountain biking. The stated reasons for proposing to close this trail do not meet scrutiny.
Mel Macasu	Bartlett, IL	2015-12-08	To have a place to exercise and enjoy a healthy lifestyle
Chris Drewes	Madison, WI	2015-12-09	I am signing this petition because as an outdoor enthusiast and avid mountain biker I would be absolutely devastated by the changes proposed. Blue Mounds is such a unique gem due to its terrain and location to Madison. Some of my favorite mountain bike rides have been on it's trails. Cycling is a low impact healthy way to stay active that draws great tourism dollars to Wisconsin. Why would we want to undermine this?

Name	Location	Date	Comment
Colin Stiemke	Onalaska, WI	2015-12-09	I love mountain biking, and from what I have seen and learned over the years is that individuals who are involved in the sport have great compassion for the trails they use. Most are respectful and considerate of the environment. The sport has improved my life greatly, and too much work has gone into the Blue Mound trails for this to take place. This is an activity that will continue to keep people healthy and get them outside, and it should remain a staple of this park.
Dariusz Florczyk	Palos Park, IL	2015-12-09	Its a great state park and we need more public land! The bike riders are park friends and we are the ones maintaining the trails and helping to care for the parks.
Zach Walters	Neillsville, WI	2015-12-09	I have family that loves to ride.
Casey griesemer	Oregon, WI	2015-12-09	I love the system as well as area mountain biking, this proposal would only hurt the park and cycling community. The claims made by the environmental community are not substantial enough for these strict changes in the trail system
John Eichorst	Mount Horeb, WI	2015-12-09	I don't think mountain bike trails hurt the park in any way. I think the mountain bikers sustain the trail and help the park in many other ways.
Alyssa Hall	North Mankato, MN	2015-12-09	Keep it open!! Allow people to have a way to enjoy the out doors and the work that has gone into this!!
Manny Lyn	Waukegan, IL	2015-12-09	I support mountain biking and it should be encourage due to the obvious health benefit and economic impact it brings to the community
adam wahrhaftig	Chicago, IL	2015-12-09	Mountain bikers build sustainable trails.
Neil Barnish	Justice, IL	2015-12-09	I think it's important to support responsible trail building and maintenance efforts.
Dianna Carlson	De Pere, WI	2015-12-09	My son is an avid biker and this is a great environment for family outings. Great for family bonding as well as the advantages of relieving stress and physical fitness. Better to bike than sit indoors on a winter day.
Michael Eisele	Woodstock, IL	2015-12-09	I love the park, visit more often than you might think for an out-of-stater, and I support the petition. I also love to connect with nature in as many ways possible via foot, bike or paddle.
matthew johnson	Falmouth, KY	2015-12-09	I love bike trails!
Beth Viney	Blue Mounds, WI	2015-12-09	Blue Mounds State Park is a valued gem here in southwestern Wisconsin. It's beauty as well as functionality should be preserved for all to enjoy.
Chris Lynch	Milwaukee, WI	2015-12-09	I ride the trails and my friends helped build them. They were also funded with REI money from people who wanted these in the first place. It would be unfair to all those who worked and paid to build these trails
Gregg Bochat	Park Ridge, IL	2015-12-09	I love your state park, camping, the outdoors and enjoy mountain biking the BMSP trails.
Gary Johnson	Shorewood, WI	2015-12-09	To stop development of snow mobile (sled) trail access. Blue Mound State Park is a wonderful silent sports mecca, Please retain this respect for all (human & animal).
Pat Conway	Washington, DC	2015-12-09	Overlode Trail is the single best part of the park.
Nicole Pedrick	Cambridge, WI	2015-12-09	Please save this multi-use trail!!
Lars Smith	Stevens Point, WI	2015-12-09	I enjoy our great state parks and the expanded use of them.
Steve Mehne	milwaukee, WI	2015-12-09	Mountain biking is good for the community and the environment it is a sustainable way to get more people outdoors.

Name	Location	Date	Comment
Steve Statz	Waunakee, WI	2015-12-09	To destroy an incredible opportunity for so many to enjoy a trail constructed by volunteers and donations is absolutely ludicrous. To do so without evidence the trail closing will provide any benefit or to give the willing volunteers a chance to mitigate any negative effects of the trail is beyond belief.
Chad Berger	Westby, WI	2015-12-09	Blue Mounds has great Mountain Bike trails. The only reason I have ever visited was due to these magnificent trails. Please keep them open for MTB, hiking, trail running and others that venture out into the wilderness.
John Pawlak	Stevens Point, WI	2015-12-09	I've always enjoyed the excellent trails at Blue Mound State Park and would love the opportunity to take my children riding there.
Kenny Dretzka	Mukwonago, WI	2015-12-09	Cyclist have been paying the way for years and hikers still pay nothing and have way to many miles of trail.
Jared Steffen	Great Falls, MT	2015-12-09	I'm signing because I love using the trails in Blue Mound State Park when I go home on vacation.
Christopher Newlin	Mount Horeb, WI	2015-12-09	Train riding is fun, healthy and a great way to enjoy and appreciate nature.
Cyle Haag	Mount Horeb, WI	2015-12-09	Please reconsider and keep Over Load open.
Tristan Petsch-Horvath	Elkhorn, WI	2015-12-09	Because I support all types of bike infrastructure in the effort to create a more healthy American public. Less cars!
Phil Mahoney	Rosholt, WI	2015-12-09	My son and I discovered the Over Lode trail at Blue Mounds around 2011 while he was at UW Madison. We are primarily road cyclists but mix that with trail running and the Over Lode trail was a beautiful discovery for us. We've camped at both Blue Mounds and Brigham numerous times since then to ride the Driftless Area .... and run the Over Lode trail. If this trail is closed if I'd be visiting Blue Mounds in the future.
Brian Thomas	Milwaukee, WI	2015-12-09	I support Mountain Biking in Wisconsin.
Dan Kutz	Muskego, WI	2015-12-09	Sustainable mountain biking trails are a valid recreational use of public lands. And gaining in popularity.
jason espinosa	Lockport, IL	2015-12-09	This place is great.
Kevin TeStrake	Madison, WI	2015-12-09	I love nature AND Fat Biking.
Phil Mahoney	Rosholt, WI	2015-12-09	My son and I discovered the Over Lode Trail while he was at UW Madison in 2011. We were exploring the Driftless Area on road bikes but would camp at Blue Mound SP but wouldn't leave without a run on the Holy Schist and Over Lode trails. I'd have much less incentive to return without access to this beautiful trail.
Reo Owens	Jefferson, WI	2015-12-09	I believe that blue mounds is a great resource, but is falling behind in modern, sustainable trails compared to others in WI.
Jason Myers	Wausau, WI	2015-12-09	I have traveled to Blue Mound S.P. several times over the years to ride and enjoy the wonderful MTB trail network. Blue Mound S.P. offers an extremely unique riding experience that cannot be found anywhere else in Wisconsin.
David Swanson	Waukesha, WI	2015-12-09	I am signing because I encourage everyone to see more of the forest on a bike
Brian Dunta	Bolingbrook, IL	2015-12-09	Mtbr's Have a right to be on the trails also!!! We pay to play and we love to build and maintain trails, we will not stay out!!!
Laurence Sanford	Ashland City, TN	2015-12-09	I support mountain biking as an outdoor recreational opportunity. Should I visit Wisconsin I am sure to have a mountain bike on the back of my car, and would seek out such a place as this to ride. Please allow groups with sustainable building experience to make changes and repairs to existing trails where problems occur rather than closing them.
William Nealis	Bensenville, IL	2015-12-09	To save the trails

Name	Location	Date	Comment
Wesley Lauper	Chicago, IL	2015-12-09	I have mountain biked as well as helped maintain the trails there for over 6 years. This is the only reason I have visited this park. If the trails become closed to mountain bikes I will have no reason to travel to the park from the Chicago land area. It would be unfortunate to see a major part of the trail system closed and I am certain that I would not be the only patron to park lost because of this.
Stephen Bettwy	Sussex, WI	2015-12-09	I'm a big fan of Blue Mound and go there regularly to hike, mountain bike, and trail run. I support EXPANDING trails there, not closing them. Sustainability is easy for trails when it is permitted and there are volunteers to implement it. Right now Blue Mound only has one of those.
Vince Purpero	Verona, WI	2015-12-09	I'm signing because the natural resources at Blue Mound State Park are incredible and the local MTB crowd would LOVE to call it their "home" trail. Expansion of opportunities at BMSP would make it a destination trail in all of the southwest WI.
Dan Trupp	Schofield, WI	2015-12-09	I love those trails!
Vivian Jones	Saint Paul, MN	2015-12-09	Because this makes just plain sense, why deprive people of being able to enjoy a natural resource ?
Andy Watt	Sobieski, WI	2015-12-09	I'm a mtn biker!!!
Monique Karlen	Madison, WI	2015-12-09	I support mountain biking and recreation in Wisconsin!
Ronald Aplin	Deerfield, WI	2015-12-09	I mountain bike, and spend my hard-earned money in Wisconsin businesses as a consequence.
Bill Kohl	Verona, WI	2015-12-09	We need more of these venues to support this growing healthy activity for our community.
stephanie hatfield	Blue Mounds, WI	2015-12-09	Love the trails
John Cramer	Waunakee, WI	2015-12-09	Mountain biking is minimally invasive to nature, great for your health, and beneficial to the local economy. Support silent-sports and physical activity for the health of Wisconsinites and our tourists!
stan slger	lockport, IL	2015-12-09	I enjoy riding there and wouldn't travel that far if there were less miles.
David Randleman	Omaha, NE	2015-12-09	I have visited Blue Mound State Park and ridden the Overlook Trail on my mountain bike. It's truly one-of-a-kind and with proper stewardship can be an integral part of the park user's experience at Blue Mound. Please do not close this wonderful and challenging trail to mountain bikes.
Daniela Martinez	Oceanside, CA	2015-12-09	Nature needs to be preserved everywhere.

Name	Location	Date	Comment
Brian Donley	Madison, WI	2015-12-09	I cannot get my head around how a desire by the snowmobilers to have a shortcut through the park ended up with them getting \$180K plus in funds to build a 1.25 mile slash and burn trail through the park while the low impact quiet-sport trail worth over \$100K gets \$10,000 to be removed. I am a snowmobiler. I love to snowmobile. I also am a hiker, biker, snowshoer, XC skier, runner that has volunteered countless hours to the trails, both physically and administratively in BM and this is a tough pill to swallow. It clearly pays big dividends to have a big lobbying budget, but we have chosen to spend tough-to-get funds directly on good clean outdoors enjoyment. I am fine with the snowmobilers, really! But not at the cost of Over Lode. As a snowmobile rider, I buy trail passes. As a biker I buy a state pass. With so many other options, what will now be my incentive to buy a state pass. The parking lot is full of bike racks, both summer and winter. Those bike racks are mounted to cars that have purchased a park pass. The snowmobilers do not buy a park pass. Has anybody considered the overall financial impact of the significant change in incentives to use the park?
			Good luck. You have a difficult task and a lot to consider.
Sue Racine	Verona, WI	2015-12-09	The trails are a multi-use opportunity for park goers. Bikers and hikers alike enjoy them. Both these sports are low-impact and allow park consumers to enjoy the full beauty of the park.
Harald Kliems	Madison, WI	2015-12-09	I am not a mountain biker myself, but I do support non-motorized, low-impact recreation on our state lands.
Scott Nelson	Madison, WI	2015-12-09	I use the trails at Blue Mounds State Park for both hiking and mountain biking and I support the use of trails for non-motorized activities and wildlife viewing. There should be more trails, not less!
Ardy Macco	Black Creek, WI	2015-12-09	Since the surge of fat bikes, why not have some nice trails for them all year round.
Todd Norwood	Washburn, WI	2015-12-09	I used to be lucky enough to live about a half mile down Ryan Road from BMSP. I enjoyed many years of mountain biking, hiking, trail running, and cross country skiing there. The trails are an incredible asset to the area!
Jay Roberts	Madison, WI	2015-12-09	Expand mountain biking, also cross country skiing and other silent sports.
Bert Travis	Alsip, IL	2015-12-10	Mtbing and Blue Mounds State park are an amazing part of this life!
Jennifer Winner	Blue Mounds, WI	2015-12-10	I am a frequent user of the park and want to be sure it is properly managed for all.
Jeremy Johnson	Brooklyn, WI	2015-12-10	These are a great asset to the community and allow for many to enjoy the beauty that BMSP provides.
Jason Dorgan	Blue Mounds, WI	2015-12-10	I love the Overload trail in all seasons, but especially in the winter.
Andy Swartz	Madison, WI	2015-12-10	The research appears flawed. The trail is a great resource for the community. The DNR scientists should perform a proper study using sound methods before considering closing the trail.
Glenn Johnston	Waunakee, WI	2015-12-10	I don't think the assessment fits the actual situation and the state will be closing some great trails that people love and support with fees.
Connor Green	Madison, WI	2015-12-10	i ride
Nathin Davisson	Beloit, WI	2015-12-10	I Love the trails at Blue Mounds it is a rareJewel for Wisconsin and we need to support a forward thinking approach to maintain the current trails, adding new ones....and provide new access for winter snowbikes which can add more visitors to the park system that generally is a low volume time of year.

Name	Location	Date	Comment
Katy Chancey	Ottawa, Canada	2015-12-10	Access to outdoor recreation is a vital part of encouraging healthy, active populations!
Charlie Brown	St Albans, United Kingdom	2015-12-10	offroading is awesome!
Kim Walls	Brookfield, WI	2015-12-10	I am an avid mountain biking WI resident with many years of state park and local park permits to attest for my support of WI parks. I travel bringing my tourist \$\$ all around WI to ride. I know how low impact mountain biking is for the environment.
Jason Philaja	Muskego, WI	2015-12-10	I support continued use, maintenance and construction of the single track trails in Blue Mound State Park for summer Mountain Bike and Winter Fat Bike use as well as hiking, trail running and wildlife viewing.
Alan Lisse	Buffalo Grove, IL	2015-12-10	Mountain bikers seek mountain biking as an escape from stressful and busy lives, a chance to connect with nature, to develop a sense of community, to challenge themselves, for fun, camaraderie and connections.
John Trusk	Milwaukee, WI	2015-12-10	Blue Mounds offers exceptional mtb riding combined with a family friendly campground which prevents any vacationing scheduling issues.
Curt Cornell	Brooksville, FL	2015-12-10	I'm an avid trail rider/mountain biker and don't want to see great trails closed.
Troy Mellen	Madison, WI	2015-12-10	I enjoy these trails and I think they are a benefit to the community.
dan dacko	Madison, WI	2015-12-10	Blue mounds is a great place and MTB biking needs to stay and expand
Sam Foos	Madison, WI	2015-12-10	I believe in the health, wellness and positive nature bikes provide. i would argue bikers are more environmentally responsible than any other group that uses the trails.
Robert Adams	Waukesha, WI	2015-12-10	Blue Mound offers unique, challenging mountain bike trails that have been enjoyed by myself and many of my friends for decades. It would be an absolute travesty to lose access based on studies that appear to be inherently flawed. I camp and ride at BMSP multiple times a year, and would surely rethink visiting if the growth, maintenance and basic existence of these systems is jeopardized.
Stephen Wasmund	Bountiful, UT	2015-12-10	I believe mountain bike trail of all sorts can be sustainably implemented in to most any land. Limit highways and housing development, not non-motorized land use.
D Stunder	Madison, WI	2015-12-10	I do not believe that this trail and it's use negatively impacts the habitat of the birds/bats. These animals have plenty of space to inhabit and trail use is a benefit to the community and citizens.
Sam Moan	Madison, WI	2015-12-10	Im a mountain biker and believe the data they have supporting the claim is flawed
William Rand	Madison, WI	2015-12-10	I use these mountain bike trails to enjoy nature.
Mike Nelson	Sun Prairie, WI	2015-12-10	These trails are important to well being of trail users and to the economy of the surrounding area. No bats or birds have ever been harmed in the building or use of them. When is the last time you saw a bird or bat flattened on the trail by a bicycle?
Krista Crum	Waterloo, WI	2015-12-10	Please, keep the trails open.
June Kowski	Marshall, WI	2015-12-10	I believe in a strong park system that enables all forms of outdoor activities.
Sam Wilson	Dubuque, IA	2015-12-10	I love this park just the way it is and often travel to Wisconsin just to ride blue mounds and afterward to frequent the local businesses.
Brian Watzke	Waunakee, WI	2015-12-10	I am also opposed to the proposed snowmobile route through Pleasant Valley.

Name	Location	Date	Comment
Jerry Stoeckigt	Green Bay, WI	2015-12-10	We travel to the Madison area to ride these trails. They are important to the business community and to people looking to get outside. Build more trails, not fewer.
Vance McCaw	Waterloo, WI	2015-12-10	Blue Mounds offers unique riding in our area, people travel from afar to use these MTB trails.
Stephen Anderson	Racine, WI	2015-12-10	I am signing because I am a mountain biker and support the proposed Mater Plan Amendment.
Robert Seibel	Lowell, WI	2015-12-10	I think the DNR needs to consider all the use's of the trail along with the vital concerns of the wildlife.
Brian Zuelsdorff	Madison, WI	2015-12-10	I am a Blue Mounds trail user and I support the goals of this petition.
Susan Smith	Blue Mounds, WI	2015-12-10	I love the trails of Pleasure Valley.
N A	Mount Horeb, WI	2015-12-10	The proposed closing of this beautiful trail is not warranted - it is not too steep and if kept as-is, the birds, bats and hikers can all get along. It has been proven that volunteers can get things done if the DNR budget is tight - don't let money be a reason to close down good recreational activities.
Laura Mason	Monona, WI	2015-12-10	I like hiking on the Overlode Trail.
Daithi Wolfe	Madison, WI	2015-12-10	Humans should come before machines.
David Neidhart	Verona, WI	2015-12-10	I support sustainable off-road bicycle access to public lands.
Paul Matteoni	Madison, WI	2015-12-10	We need more outdoor support! I don't understand the scientific analysis performed that suggests closure of the Over Lode trail.
Judith VandenBrook	Mount Horeb, WI	2015-12-10	I frequently use the Overlode Trail at BMSP, and often take others there to experience an unparalleled long hike in the woods.
Nelson Donovan	Madison, WI	2015-12-10	I support the maintenance and expansion of the off road bicycling in Blue Mounds State Park. Overload Trail is worth tens of thousands of dollars and hundreds of man hours of labor. A bicycle trail does not impact this habita.
Robert Schwarz	Middleton, WI	2015-12-10	There are plenty of other places where the snowmobiles can operate.
Margaret Peterson	Madison, WI	2015-12-10	I am an active outdoors person, bicycling and skiing, and in the off season appreciate being able to hike the trails through our woods. I am against closing the Overload trail because it's a nice trail and offers good aerobic exercise.
Brian Barnes	Madison, WI	2015-12-10	Blue Mound is a wonderful place to ride
Mark Larson	Fitchburg, WI	2015-12-10	I buy a state park pass because of mountain bike trails. I go to Blue Mound State Park 4 to 5 times per year. The overlode trail is by far my favorite trail and it's one of the best trails in southern Wisconsin.
michael conway	Sun Prairie, WI	2015-12-10	I believe that the Over Lode trail is one of the most beautiful sections in the park. It also provides a increased challenge for skiing that I personally enjoy.
Brenda Baker	Madison, WI	2015-12-10	I am a skier/mountain biker, and a neighbor to Blue Mounds State Park (we have land 10 minutes away), and I value the quiet and serenity of the park. I want the DNR to work WITH cyclists, not against us. I believe the Overlaod Trail should NOT be closed.
william kiontz	Rockwall, TX	2015-12-11	I am an avid rider in this growing bike community.
Marcy Cox	Sun Prairie, WI	2015-12-11	I enjoy Blue Mounds and love to ski and don't want the trails destroyed. We feel the information that was used for the bird study did not relate to this park or location. Please save our trails.
Mike Sheskey	Milwaukee, WI	2015-12-11	As my main hobby, mountain bike trails in Wisconsin are very important to myself and the group of friends I ride with.

Name	Location	Date	Comment
Amy Reilly	Janesville, WI	2015-12-11	I love riding the mt bike trails at Blue Mounds. It is a family camping destination because of the awesome trails.
Liz Vadeboncoeur	Lake Mills, WI	2015-12-11	We need to provide avenues to keep people healthy and engaged in the park systems.
Jon Cook	Madison, WI	2015-12-11	The dnr often has terrible ideas and this is one of them.
Madeline Uraneck	Madison, WI	2015-12-11	I'm signing because I am a cross-country skier and love the quiet of the park. It is one of the best places to ski near Madison and with excellent grooming, much of it by volunteer groomers, its winter trails hold snow until the first days of spring. Silent sports enthusiasts really love BMSP. The monies raised by Friends of BMSP through the trail runs contributed significantly to build the beautiful shelter, enjoyed by outdoor enthusiasts in all seasons. OverLode Trail is a spectacular hiking trail and shows off spectacular Iowa and Dane and Iowa County vistas. Please keep the park silent-sports friendly!
Sonja Hanson	Ridgeway, WI	2015-12-11	I love and use this park for silent sports.
Ken Kosciak Jr	Madison, WI	2015-12-11	We need quiet areas.
Randy Shelden	Madison, WI	2015-12-11	Because the DNR has not backed up and proven any of the factors -presence of rare birds & that they are being impacted by the trail now. And issues of erosion can be over come and that is definitely not a anywhere near a good reason to close the trail. The DNR should be working for the public and users (who pay your salaries!) - NOT AGAINST THEM!!
Kevin Whiteford	Muskego, WI	2015-12-11	Bike trails are beneficial to more than bikers and we need all the trails we can have for that reason and future generations.
Greg Haack	Mount Horeb, WI	2015-12-12	I'm a mountain biker and supporter of CORP.
Tim Walsh	Saint Paul, MN	2015-12-12	I use the trails when visiting and they are wonderful. Please allow for their maintenance and expansion
Thomas Schirz	Monona, WI	2015-12-12	Snowmobiles, 4-wheelers are banned from Norway's trail system for the health and welfare of the nation. We would do well to emulate our ancestors.
Doug Donner	Waunakee, WI	2015-12-12	<p>I am signing this because of the high value I place on mountain biking at Blue Mound State Park. With mountain biking I have also supported the park in 2015 with multiple camping nights, use of the pool, and participation in the Horribly Hundreds. My connection with BMSP is based on the mountain biking there.</p> <p>Additionally, mountain biking in Southern Wisconsin is extremely limited. The loss of this trail would be very discouraging. I value it greatly.</p> <p>Sincerely, Doug Donner</p>
Michael Guinee	Bloomington, MN	2015-12-12	Sir, Being a Mn. mountain biker I am always looking for upper midwest trails to explore and enjoy my sport. A couple of times a season I leave the Twin Cities area for an adventure outside my home trails. Wisconsin is always on my list to look at and I believe you have an excellent opportunity to draw visitors to your area. I have seen first hand being an active member of MORC how "if you build it, they will come" Please consider supporting CORP as they strive to support the area thru the sport of mountain biking. Thank you, Michael
Jim Bolton	Madison, WI	2015-12-12	I believe in keeping this park the spectacular silent sports designation that it is currently. I also have major doubts about the study used by the DNR to support their argument for closure of the Overload Trail. It seems to be comparing apples with oranges and without merit in the case of Blue Mound State Park, which has far less users and impacts than the urban areas used in the study comparisons, etc.

Name	Location	Date	Comment
Jeremy Schmitz	Saint Anne, IL	2015-12-12	I travel all long way to ride these trails and often stay in local hotels. If these trails close, i will no longer be able to do that. I support MTB biking for it is a fun exciting hobby that promotes a healthy lifestyle.
Judy Archibald	Verona, WI	2015-12-12	The Over Lode trail is very popular with hikers and bikers, a treasure. I can't see any supporting documentation that really shows why the trail needs to be closed.
Philip Archibald	Verona, WI	2015-12-12	I have reviewed the proposed changes in the Master Plan and totally disagree with the closure of the Overlode trail and letting snowmobiles into the core of the Park. I either hike, bike or snow shoe in the park at least weekly and it is a primary source of recreation for my wife and me. Our groups of hikers, bikers, campers and snowshoers seem to comprise the vast majority of users. I can't imagine why you would want to reduce trails and other amenities to these groups. After all, didn't the Friends of the Park donate the money to build the shelter and help maintain the trails. No other groups really seemed willing to do anywhere near the work done by our groups. Makes no sense to me. Jeff
Tim Wegner	Rosemount, MN	2015-12-12	Sustainable trails are truly an asset to any park system and loss of this type of trail or even limitation of the extent of these types of trails are short sighted. A mountain bike trail if properly constructed does not impact trees, nature or water. Please do not reduce or eliminate future expansion of mountain bike trails at Blue Mound State Park Tim Wegner
Mike Samson	Minneapolis, MN	2015-12-13	I like to visit this trail and lessening mileage of the trail would factor into my decision to make the trip to ride it
Joshua Frye	Arcata, CA	2015-12-13	I'm signing because as a southwest Wisconsin native and frequent user of the Blue Mounds state park trail system for skiing and biking, I agree with preserving this forest as a non motorized recreational amenity.
Tim Hacker	Madison, WI	2015-12-13	These mt bike trails and winter fat bike trails are the only reason I come to park. It is a easy drive from Madison. There are simply too few Mt trails close to Madison, it would be a tremendous loss to close any of these trails.
Greg Bollinger	Plainfield, IL	2015-12-13	I visit BMSP multiple times in a year to specifically enjoy the unique mountain biking experience offered. I spend at least 2 nights in the area enjoying Mt. Horeb and all the fare they have to offer. Keep the trails as they are assuredly a draw to the area for many, many visitors.
Adam Kostichka	Verona, WI	2015-12-13	I don't want to see this section of trail be closed.
Matt Frank	Verona, WI	2015-12-13	I use the trail systems.
Brenda Bland	Waunakee, WI	2015-12-13	I'm signing this petition because the local options for enjoying our parks are limited. While I am in favor of protecting wildlife, I think this can be done while allowing use of the parks beautiful trail system.
Tracy Lewis	Madison, WI	2015-12-13	The park needs to maintain good access for a huge community of silent sport users
Arild Haugene	Madison, WI	2015-12-13	MTB trail is worth saving
Linda Gourley	Madison, WI	2015-12-14	I have skied the BMSP for many years, it is a wonderful spot for silent sports. Why not allow it for just that?
Colin Erskine	Madison, WI	2015-12-14	I enjoy mountain biking and hiking and we need to have long trails like this in Dane Co.
Brad Wagner	Stoughton, WI	2015-12-14	I am a user of Blue Mounds State Park for cross-country skiing, as a road bike destination, and for it's mountain and fat bike trails.
Laurel Erskine	Madison, WI	2015-12-14	I heard this trail will turn into a snowmobile trail. We have enough of those wrecking the woods.

Name	Location	Date	Comment
Marco Rhein	Ripon, WI	2015-12-14	I love biking.
Drew Weinstein	Mcfarland, WI	2015-12-14	We shouldn't be destroying MTB trail
Dan Kiss	Batavia, IL	2015-12-14	I love this trail system and would hate to lose it. I live in IL, but half of my weekends are spent in WI riding the trail systems that can't be rivaled by our trails. Please keep sustainable trails in Wisconsin.
Christopher LaVesser	New Berlin, WI	2015-12-14	I believe mountain biking is a legitimate and low-impact use of state parks and forests, certainly lower impact than other activities. Further, mountain biking contributes to the economies surrounding quality trail systems.
Diane Kelley	Madison, WI	2015-12-14	I use the trails and appreciate them .
Craig Bresof	Darien, IL	2015-12-15	Wisconsin is a fantastic MTB trail destination, especially for enthusiasts from adjacent states like 500+ CAMBR members. We Love WI Singletrack and we will gladly pay to use it & help maintain it!! Please keep existing trails open and keep politics OUT of the discussion and decision. Stay focused on what's right for the people who use the land and the various flora and fauna that live there!! Please try to compromise so all can enjoy your awesome resources. THANKS
Chris Robinson	Stoughton, WI	2015-12-15	I started mtn biking in the upper peninsula which has world class trails, and this blue mounds trail system is the closest I have found to anything like that south of central Wisconsin. These are some of the best trails in southern Wisconsin. the past few years of halted maintenance due to legal/political issues has really hurt the appearance of "sustainability" efforts for this trail system. This park will suffer from closing part or all of this trail system.
Tim Kranz	Belleville, WI	2015-12-15	I attended the meeting at Mt. Horeb H.S. on Dec 1 and heard everyone speak. That said I am in favor of pay to play in State Parks and therefore I believe the snow mobilers aren't offering a benefit to the park unless they are paying \$7 for a day pass. I'm proud to say I'm supporting the Silent Sports Community and am for improving Over Lode Trail and developing a sustainable trail system. No longer taking BMSP for granted in the winter. If Santa does not bring a Fat bike I will be using my 97 Bontrager to complete a self-imposed Quadrathlon (run, bike, snowshoe, XC ski) at BMSP.
Karl Heil	Barneveld, WI	2015-12-15	Closing of portions of the Over Lode Trail is unfortunately a smoke screen being put on by the DNR in order to construct a costly, unneeded, unsustainable SNOWMOBILE trail through BMSP. By closing portions of the O.L. Trail the DNR can pretend that they are also thinking about the environment during this master plan charade, that has the sole, undermining purpose of running snowmobiles through the park at any cost. Read the documentation (Rapid Ecological Assessment, map on page 31) and you will see that both the O.L. Trail and the section of the proposed snowmobile trail north of Ryan Rd. traverse what the DNR calls "Ecologically important" or "Primary Sites" - Pleasure Valley Woods. How is it that the construction of a new, 12 FOOT wide snowmobile corridor through the PV Woods is OK, but an 18" existing single track trail is not??? After the Bureau of Parks submits their proposed Master Plan Amendment to the Natural Resources Board, be SURE to write the NRB to oppose both the closure of the Over Lode Trail AND the construction of a snowmobile trail through the park. The Natural Resources Board is our last chance to stop this ecological destruction and waste of tax payer dollars and citizen good will.
John Besonen	Marquette, MI	2015-12-15	Mountain bike enthusiast
tim speer	mundelein, IL	2015-12-15	I love mtnbiking and ride Blue Mound along with various other trails through out Wis every year.

Name	Location	Date	Comment
Wendy Vredenburg	Madison, WI	2015-12-15	I am opposed to the closing of the Over Lode trail without good solid evidence that there is reason to close it. I am also opposed to the snowmobile trail through the park- a much higher impacting wide trail with significant noise and exhaust emissions.
Eric Perry	Davenport, IA	2015-12-15	More trails are important. Many times as mountain bikers we have lots of parks with just 3-5 miles in them. Having multiples of this in one place is important to drawing us as users and supporters of parks and communities.
Stephen Weiss	Waukesha, WI	2015-12-15	I support the continued use, maintenance, and construction for MTB at Blue Mound State Park.
Jeremiah Johnson	Moline, IL	2015-12-15	I enjoy riding the trails at BMSP.
Jen Harper	Rock Island, IL	2015-12-15	I have never been, but MANY of my friends have several times. I had planned to check it out and ride one day.
Steve wessel	Madison, WI	2015-12-15	I believe snowmobiles should be kept out of this beautiful park.
Peggy Butler	Cross Plains, WI	2015-12-15	I don't think the snowmobiles should taint the peacefulness of Blue Mounds State Park.
alex applegate	madison, WI	2015-12-15	I love mountain biking and xc skiing at Blue Mounds state park. I have volunteered to help build and maintain the trails and want to see them continue to make a great destination riding area.
Christopher Miller	Madison, WI	2015-12-15	I really enjoy riding the trails at blue mounds. Every weekend I've gone out there I've seen many other mountain bikers enjoying it as well.
Rebecca Arbaje	Madison, WI	2015-12-15	We need more biking options. Not less!
Christopher Stolte	Fond du Lac, WI	2015-12-15	There are plenty of people that enjoy non-motor usage in our state parks and forest. I have come to this park a number of times and would hate to see hiking and biking trails that I have used no longer become available or see more hazard done to the forest. I thought having State Parks was to preserve the nature and expose people to nature, not create a highway through it. Also as a trail maintenance volunteer for other trails I know the time and effort it takes to of created the initial trails. Also makes it even harder to want to support when the past few winters we haven't even had that much snow for snowmobiles to even use. Look at this year it's almost Christmas and we still have no snow on the ground let alone snowmobile. I feel there needs to be more evaluation needed by additional parties.
Scott Neperud	Madison, WI	2015-12-16	I care about mountain biking.
Jenelle Curatolo	Rockford, IL	2015-12-16	The Overload trail.
Brian Drendel	Genoa, IL	2015-12-16	I am an avid Trail Runner and a regular user the Blue Mounds trails. The Overload Trail is my most favorite and scenic portions of the park that provides ample hills that aid in my training. To close the Overload trail in favor of making larger snowmobile trails would be a shame.
Todd Moore	Caledonia, IL	2015-12-16	I'd rather see our nature areas be used for non-motorized activities.
Chad Gregory	Sycamore, IL	2015-12-16	We need to support silent sports more than power sports in order to promote healthy lifestyles
Sheri Nichols	Rockford, IL	2015-12-16	I think it would be hortiable to ruin the beautiful trails for snowmobiles
Paul Shimondle	South Beloit, IL	2015-12-16	Why destroy the trails for a few when they are only used by these gas powered machines a few weeks out of the year.
Terri Lundberg	Pecatonica, IL	2015-12-16	Highly opposed to new snowmobile through Big Mound State Park and closure of key single track mountain bike trail
scott andrist	Rockford, IL	2015-12-16	I love Wisconsin Parks. There has to be way then destroying a great park

Name	Location	Date	Comment
Amy Grafton	Belvidere, IL	2015-12-16	I love to trail run and do it year round. Don't ruin our trails by allowing snowmobiles!!!
Craig Haynie	Beaver Dam, WI	2015-12-16	Silent sports need silence.
maft schmidt	Rockton, IL	2015-12-16	We don't need snowmobile tails there.
Cristina Gloria	Belvidere, IL	2015-12-16	I believe these changes to Mound State Park will really benefit to a majority of the park users.
Katherine Mijal	Madison, WI	2015-12-16	I personally love using Blue Mound State Park for nordic skiing, hiking, and trail running. I want others to enjoy the Park for other non-motor activities, including singletrack mountain biking and winter biking. Whatever we can do to encourage more physical activity and contact with nature, the better! There is NO need for creation of a multi-use trail between the village and State Park. A trail like this will not increase patronage of the village shops, etc, and is a waste of money.
Ric Cederholm	Waunakee, WI	2015-12-16	This singletrack bike path brings a lot of tourism to the area that will be missed if taken away.
Mike Farrington	Johnson City, TN	2015-12-16	Because I want more trails for running
Kevin Cooper	Clarendon hills, IL	2015-12-16	save your money and leave well enough alone.
adam benkers	Batavia, IL	2015-12-16	I love to run there.
Kathy Wescom	Machesney Park, IL	2015-12-16	I'm signing because I believe adding snowmobiling will not add the revenue expected and decrease numbers of people who are now coming *without* the motorized traffic.
Jake Ralfs	Davenport, IA	2015-12-16	I love visiting and riding Blue Mound! The area is beautiful and welcoming- would have never visited the area if it weren't for the mountain bike trails. Love spending money locally- eating and drinking!
Patricia Graves	Roscoe, IL	2015-12-16	As a trail runner, I love that trail. We need "technical" trails to train on when we are running beyond our own backyard.

Recipient: Paul Zajackowski, Wisconsin Department of Natural Resources, and Blue Mound State Park

Letter: Greetings,

Save Blue Mound State Park Singletrack Trails

In regards to the proposed Master Plan Amendment for Blue Mound State Park (BMSP) I wish to express the following:

1. I support continued use, maintenance and construction of the singletrack trails in Blue Mound State Park for summer Mountain Bike and Winter Fat Bike use as well as hiking, trail running and wildlife viewing.
2. I do NOT support the proposed Master Plan Alternative 4.
3. I do NOT support ANY closure of the Overload Trail for summer or winter use.
4. I do NOT support the current limits on the total number of trail miles at BMSP and I request the DNR increase the number of trail miles allowed; specifically I request the DNR increase the number of trail miles available for singletrack mountain biking and winter biking use to reasonable levels based on further evaluation of available resources and coordination with local trail groups.
5. I request the DNR adopt the comprehensive mountain biking trail system proposal presented by Capitol Off-Road Pathfinders (CORP).
6. I request the DNR establish funding and budget line items for future construction and maintenance of the singletrack mountain biking trail system including necessary re-routes and reconstruction of unsustainable trail in addition to funding the proposed future trail projects.
7. I request the DNR purchase a suitable groomer for winter fat bike trails.

Mountain biking, trail running, winter fat biking and hiking in BMSP have been identified as the primary drivers for park visits. Mountain biking provides a great opportunity for recreation. Mountain bikers seek mountain biking as an escape from stressful and busy lives, a chance to connect with nature, to develop a sense

of community, to challenge themselves, for fun, camaraderie and connections. I hope the DNR Board takes into consideration the immense support for keeping the current trail system intact and reasonable expansion of the BMSP trail system.

# Signatures
